2135-T	Corner Clamp Kit "T" Junction for 1-1/2" Cable Rack	EA	0.70

Heavy Duty Antenna Mount Assembly for 4 Antennas

The galvanized steel heavy duty antenna mount assembly kit is designed to include everything needed for easy ordering and installation. The innovative mounting clamps accommodate straight and tapered faced lattic towers up to a 2:20 taper. The clamp fits tower legs ranging from 1-1/2" to 8" OD. Antenna mounting pipe hardware is included with the mount. Antenna mount pipes must be purchased separately. A minimum of three mounting pipes (one at the boom center and one at each end) must be installed to achieve posted wind rating.
